Updated as of 30 April 2019

University Engineering Scholarship (UES) 2019

List of Eligible Programmes[1]

Successful awardees should matriculate in one of the following programmes on a full-time basis:

Nanyang Technological University*

- Aerospace Engineering
- Bioengineering
- Chemical & Biomolecular Engineering
- Civil Engineering
- Computer Engineering
- Computer Science
- Electrical & Electronic Engineering
- Engineering
- Environmental Engineering
- Information Engineering and Media
- Materials Engineering
- Mechanical Engineering

* *includes minor and major programmes*

National University of Singapore*

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Environmental Engineering
- Engineering Science
- Industrial & Systems Engineering
- Materials Science & Engineering
- Mechanical Engineering
- Business Analytics
- Computer Science
- Information Security
- Information Systems
- Computer Engineering

* *includes minor and major programmes*

Singapore Institute of Technology

- Systems Engineering
- Chemical Engineering
- Electrical Power Engineering
- Mechanical Design & Manufacturing Engineering
- Civil Engineering
- Marine Engineering
- Naval Architecture
- Offshore Engineering
- Sustainable Infrastructure Engineering
- Telematics
- Pharmaceutical Engineering
- Information & Communications Technology
- Aircraft Systems Engineering
- Mechanical Engineering
- Aerospace Engineering
- Computing Science

Singapore University of Technology & Design

- Engineering Product Development
- Engineering Systems and Design
- Information Systems Technology and Design

[1]The Universities may include other engineering and technology courses when appropriate.
