Internship and Scholarship Talk

About the Scholarship

The SNCF Co-op Scholarship is an undergraduate degree scholarship that supports talented, high-calibre students with a heart for the people. Our scholars have the courage to strive for academic excellence and to make the difference to society through the Co-operative Movement, a proven model of self-help in Singapore since 1925. Co-operatives are professionally run and sustainable business entities that serve more than 1.4 million members in Singapore.

From 2010 to 2012, the SNCF Co-operative Scholarship saw an increase of 250% in the number of applicants. The calibre of the candidates in terms of not just grades but also level of community service was also seen at a never before level. It is indeed heartening to know that youths of today not only excel in their studies, but also have a strong commitment and the heart to serve. This is very heartwarming to see, and we look forward to welcoming the batch of 2018 scholars to the co-operative family.

Do you have what it takes to make the difference?

The Singapore National Co-operative Federation (SNCF) is the apex body of Singapore’s Co-operative Movement, and secretariat of the Central Co-operative Fund (CCF). Formed in 1980 with the aim of championing Singapore’s co-operative movement, the apex body represents 99% of co-operative members in Singapore through its 67 affiliated co-operatives. Today, the Movement boasts a base of more than 1.4 million members. SNCF aims to promote and develop co-operatives as sustainable enterprises that are driven by people, and to foster a more resilient society.
