

**NATIONAL UNIVERSITY OF SINGAPORE**  
Office of Financial Services  
Level 3, Tan Chin Tuan Wing, University Hall

**PAYMENT OF FEES FOR SEMESTER 1, ACADEMIC YEAR 2016/2017**

**Student Billing**

1. Students will be informed via email notice sent to their NUS email account to view their Student Bill online at least 2 weeks before the scheduled deadline for fee payment. A step-by-step guide for viewing student bill and account transactions is available online [[NUS Integrated Student Information System](#) → Self-Service → Student Center → User Guide – Others (right-hand side) → “How to view my bill / account”].
2. All students are strongly encouraged to check their current semester’s student bill as soon as it is available. Clarifications over the Student Bill, if any, should be submitted to the Office of Financial Services via email at ‘OFNBox3@nus.edu.sg’ within the semester.

**Online Access to Student Bill**

3. Students can access their Student Bill online as per the following schedule.

S/No	Student Type	Bill Type	Access to Student Bill from
a.	Undergraduate and graduate students billed on a semester basis (excluding non-graduating students, graduate students taking self-financing courses, undergraduates taking part-time courses and all students during special terms)	Preliminary Student Bill	<b>8 August 2016</b>
b.	All students other than those paying on a modular basis	Actual Student Bill	<b>8 August 2016</b>
c.	Students paying fees on a modular basis	Actual Student Bill	3 working days after the “Add/ Drop module” period

4. The preliminary Student Bill enables student to simulate the Tuition Fees and Mandatory Miscellaneous Fees / Student Services Fee + Health Services Fee payable for your current semester of study after factoring in the financial aid you have been awarded / applied for. This allows you to know the estimated fees payable for the current semester prior to the actual awards/loans being credited into your student account. However, due to technical constraints, the preliminary Student Bill will not be available to non-graduating students, graduate students taking self-financing courses, undergraduates taking part-time courses and all students during Special Term.
5. For students who have applied for the CPF Education Scheme (can be used to pay for only tuition fees of MOE-subsidized programs), payment (if any) will be

reflected in your account only after 23 September 2016. If the CPF payment is not yet credited to your student account by then, please contact CPF Board ([www.cpf.gov.sg](http://www.cpf.gov.sg)) directly to check on your application status as outstanding fees in your student account may incur late payment charge after the fee payment due date. Students may apply online for the CPF Education Loan at [http://mycpf.cpf.gov.sg/Members/Gen-Info/Features/CPFEdn\\_Scheme.htm](http://mycpf.cpf.gov.sg/Members/Gen-Info/Features/CPFEdn_Scheme.htm) from 1 July to 1 August 16.

6. Students who have signed up for Tuition Fee Loan (TFL) Scheme but were subsequently awarded scholarships may no longer require disbursements under the TFL Scheme to pay for their tuition fees. For such cases, the students are required to inform the TFL-administering Bank (at any bank's branch) or NUS Office of Financial Services via 'OFNBox3@nus.edu.sg' to cancel / suspend their TFL disbursement.
7. Students from Yale-NUS and graduate students taking Executive MBA (English), Executive MBA (Chinese) and UCLA-NUS Executive MBA will be separately informed of the fee payment deadlines through the hardcopy Student Bill sent by the respective faculties.
8. As the fees for Semester 1 may have been charged prior to the release of Special Term Part 2 examination results, please ignore the Student Bill for semester 1 if you have fulfilled your degree's graduating requirements in Special Term Part 2 (***Relevant to Semester 1 studies only***).

### **Due Date**

9. Tuition/Research, Mandatory Miscellaneous Fees / Student Services Fee + Health Services Fee & Residence Fees are payable in advance for each semester. Residence Fee will be billed by the individual hostels or residences.

### **Late Payment Charge**

13. Students are requested to pay their fees in full by the respective fee payment due date as a late payment charge of \$25 will be imposed for any outstanding fees after the respective payment due date.

### **Consequences of Non-Payment by Due Date**

14. Should fees remain outstanding after the relevant fee payment due date, a Negative Service Indicator (NSI) will be tagged against your student account and you will not be able to receive your results transcript, your thesis will not be examined (for research students), student status / conferment letter will be withheld, you will be unable to view exam results / enroll for any modules and your degree scroll will be withheld (for graduating students).

## **Appendix 1**

### **Modes of Payment**

#### **Payment of Tuition Fees through Inter-bank GIRO**

1. In NUS Integrated Student Information System, a student who signs on the GIRO scheme can maintain both a "Credit Bank Account" and a "Debit Bank Account".
2. The "**Credit Bank Account**" will be used for refund of all amounts payable to students, such as but not limited to refund of tuition fees, deposits, financial aid and reimbursement of expenses.
3. "Credit Bank Account" of graduate Research Scholars will be based on the current Bank account where their monthly stipend is credited to while that of NGS, ISS and CQT students will be based on what they had submitted to their respective school. For other students, please submit your Credit Bank Account details online.
4. To ensure that the refunds are credited to your desired "Credit Bank Account", all students are strongly encouraged to check their "Credit Bank Account" at the Student Center in NUS Integrated Student Information System. To update your "Credit Bank Account", please terminate the existing "Credit Bank Account" and then re-submit the new "Credit Bank Account" details. Please allow up to 2 working days for the change to be effected.
5. For students who do not wish to sign-up for the GIRO scheme, refunds will be made in the form of cheque / bank draft. To ensure that the cheque / bank draft reaches you, students are strongly encouraged to maintain an up-to-date payment address via accessing the Student Center in NUS Integrated Student Information System.
6. The "**Debit Bank Account**" is used for GIRO deduction for payment of Tuition Fee, Mandatory Miscellaneous Fees / Student Services Fee + Health Services Fee, Hostel Charges and other fees for services rendered such as Transcript Fee.
7. For students paying via GIRO, an email notice will be sent to students' NUS email account about 2 weeks before the GIRO deduction due date informing them of the scheduled deduction.
8. Students may view the amount deductible via GIRO from NUS Integrated Student Information System's Student Center.
9. The exact amount deductible via GIRO will be based on the amount reflected in the Student's Account, **4 working days prior to the scheduled date of deduction**. For example, if a GIRO deduction is scheduled for 30 September 2016, the amount deductible on the scheduled GIRO deduction date will be based on the outstanding fee payable reflected in the Student Center on 26 September 2016.
10. For the benefit of students, any amount credited into the Student Account on 26 and 27 September 2016 will reduce the amount deductible via GIRO on 30 September 2016. Any adjustment of fees payable on 28 and 29 September 2016 itself will not affect the amount deductible via GIRO on 30 September 2016. For example, if the amount to be deducted via GIRO is reflected as \$1,000 on 26 September 2016 but was subsequently adjusted downwards to \$500 on 27 September 2016 due to crediting of a scholarship award, then only \$500 will be deducted via GIRO on 30 September 2016. Any upward adjustment of fees from

26 September 2016 will be deducted during the next round of scheduled fee deduction.

11. Students are advised to maintain sufficient funds in their bank accounts to meet the full payment as partial deduction will not be carried out. Students are required to inform the account holder of the deduction date and amount if the fees are to be deducted from a third party bank account. The University and some banks will impose late payment fee and administrative fee respectively if the deduction is unsuccessful.
12. For students paying via GIRO, please note that the University will not inform students or the GIRO Debit Bank account holders of failed GIRO deduction. Students are encouraged to check their GIRO Debit Bank account or their online student account in NUS Integrated Student Information System 3 working days after the GIRO deduction date so as to determine if their GIRO deduction is successful or if payment is still required for outstanding fees, if any. For students with successful GIRO deduction and double-paid with credit card, refund of credit balances arising will be made to the credit card used for payment. Depending on the credit card issuer, please note that the refund may take about one month to be credited back to your credit card.
13. Students who wish to sign on the GIRO "Debit Bank Account" payment scheme as well as students who have signed on the GIRO "Debit Bank Account" scheme but subsequently change their Student number are required to access and fill up the GIRO application form online, print, sign and submit the new GIRO application form. The above process also applies to pre-existing GIRO "Debit Bank Account" arrangement for those who wish to change or terminate their pre-existing arrangement. All GIRO Forms must be submitted to either the Student Service Centre or the Registration Centre (during annual matriculation only) by **15 August 2016** or within 3 weeks of submitting the "Debit Bank Account" details online in CS, whichever is earlier.

#### **Payment of Tuition Fees through NETS**
