**Module 1: Business Communication**

Business Communications will focus on the development and enhancement of skills in written/oral business communication, non-verbal communication, and cross-cultural communication. Students will learn how to develop efficient use of verbal and non-verbal skills in business situations and be able to use language to convey specific messages to intended audiences.

**Module 2: Entrepreneurship, Service Management and International Business**

This course is based on a program that has earned UVic several international awards. It aims to develop a fundamental understanding of the skills and tools necessary to succeed in today’s global marketplace. We begin with issues relating to starting a business (entrepreneurship), continue with topics around ensuring success (service management) and end with issues involving growing the business (international business). Whether you plan to start your own business one day or work in a large multinational corporation, this course provides you with the knowledge to enhance your opportunities for success.

### ADDITIONAL INFORMATION

#### Visa Application
It is your responsibility to obtain the correct documents from Citizenship and Immigration Canada (CIC) prior to your exchange semester(s) in Canada.

Depending on nationality, students may need any other following documentation **before their arrival** in Canada:

- **Electronic Travel Authorization (eTA)** - As of March 15, 2016, visa-exempt foreign nationals are expected to have an Electronic Travel
Authorization (eTA) to fly to or transit through Canada. Exceptions include U.S. citizens, and travellers with a valid Canadian visa. To find out if you need an eTA prior to your exchange, please refer to the following link. [http://www.cic.gc.ca/english/visit/visas.asp](http://www.cic.gc.ca/english/visit/visas.asp)

(b) Visitor Visa - If you do not qualify for an eTA, you will need to obtain a Visitor Visa prior to your arrival in Canada. Please contact the High Commission of Canada in Singapore to start the process of obtaining the appropriate visa. The High Commission Officer might advise you to obtain a Study Permit instead since your time in Canada is primarily for studying.
