- NASA Enhancement Bursary (Singaporean Citizens only)
- Overseas Student Programme Loan (Singaporeans only)
- PSEA Fund Withdrawal (Singaporeans only)

PROGRAMME DETAILS

4 Academic Content
Yale Summer Session combines the resources of a world-class university with the close-knit community of a liberal arts college. Over 150 summer session courses are taught by Yale faculty or affiliates, offered in over 50 different
disciplines, and located on Yale's historic campus. The 2019 summer course catalog is currently under construction and will be available in December 2018. Click here to see a list of courses offered in summer 2018 and refer to the following link for more information on courses in general:

https://summer.yale.edu/academics/courses-yale

For Summer 2019, Yale Summer Session will offer two courses in the IVY Program during a pilot in Session B (1 July to 2 August 2019). Enrollment will be limited to 15 students in each course. (TBC by Yale for 2019)

What is the IVY Program?
The IVY program offers visiting international college students a new academic opportunity in Yale Summer Session. For the first time, Yale Summer Session will offer courses in American culture—available only to visiting international college students—which they can pair with a course selected from the current Yale Summer Session offerings. The courses offered in the IVY Program are interdisciplinary and will introduce international students to many of the resources in Yale’s libraries, galleries, and other collections.

How do these courses compare to other Yale Summer Session courses?
The courses offered through the IVY program are designed with the same academic standards expected of all Yale Summer Session courses: they have the same number of contact hours, require students to complete equally rigorous assignments, and are taught by Yale faculty. In fact, both of the courses have previously been taught at Yale. However, the IVY Program courses will not carry Yale credit. This means that they can be offered at half the tuition charged for regular Yale Summer Session courses.

Yale Summer Session will still issue transcripts for all courses, including IVY courses, so students will receive grades and transcripts for the non-credit IVY courses. It would be up to NUS to determine if the university will award credit for IVY courses, just as NUS determines whether to grant transfer credit to regular YSS courses. IVY courses are designed according to the same standards, in terms of contact hours and assignments, as the for-credit courses, but by not offering credit we can offer them at reduced tuition.

<td>6</td>
<td>Accommodation</td>
<td>The Yale Residential Colleges are where students live on campus during the summer if someone selects on campus housing. They are gated communities with a dining hall, library, and common rooms. All students will be assigned a residential counsellor. Residential counsellors are current Yale students who will serve as a wonderful resource to help you adjust to life at Yale. They also coordinate a variety of cultural and fun activities. Check out the “residential life” tab to learn more about the summer campus community and events planned for you! Students living on campus will receive a full meal plan in a college dining hall.</td>
</tr>
</tbody>
</table>
Hot and cold food options are served at every meal. Vegetarian and vegan dining options are also available. Yale Dining can accommodate a wide variety of special dietary needs.

Other important/practical information regarding housing:
- **Rooms** Includes: twin bed, mattress, pillow, light blanket, dresser, chair and a desk
- **Bring:** sheets (twin extra-long), towels, laptop
- **Available for purchase at the Yale Bookstore:** fan, desk lamp, small household items

### Application Procedure

Apply via EduRec and the host university’s website concurrently. You must accept both the EduRec offer as well as the host university offer to confirm your participation in this programme.

The Yale Summer Sessions application system will open in January 2019.

### Module Mapping

You can start the module mapping process after you apply in myISIS and accept the offer for the programme. Click here for a step-by-step guide on applying for module mapping. Also note the following:
- **Maximum of 2 modules (up to 10 MCs) can be mapped per summer / research programme during Special Term (May – August).**
- **Maximum of 1 module (up to 5 MCs) can be mapped per winter / research programme during year-end vacation (December – January).**
- **Total of 12 MCs from a maximum of 2 overseas summer/winter and research programmes can be mapped without having to pay NUS tuition. Additional MCs mapped will be subjected to Special Term fees.** For details, visit the Registrar’s Office website.

### ADDITIONAL INFORMATION

#### Visa Application

You will require an F-1 visa to enter the USA and participate in this programme. The documents you require for your visa application will be provided after the host university accepts you and you have paid the programme fee.

#### Travel Advisories

Visit the MFA website for travel advisories on various countries from the Singapore government.

#### Student Insurance

Insurance coverage for official NUS trips is provided for your participation in this programme.

A medical insurance fee for 5 weeks (for international students who receive an I-20 and live on campus) is required. Please refer to the following link for the current rate: https://summer.yale.edu/dates-costs/tuition-fees (under Fees)

#### Contact Information

Questions about the programme? Contact the host university at: summer.yale.edu | summer.session@yale.edu
