The Global Relations Office (GRO) works with more than 300 partner universities in 50 countries around the world to send you on exciting international programmes. Our wide-ranging programmes such as the Student Exchange Programmes (SEP), International Summer/Winter Programmes (i-SP), International Research Attachment Programmes (i-RAP), Study Trips for Engagement and EnRichment (STEER), provide the opportunity for you to experience student life in a foreign country, pick up a new language, experience different cultures, overcome novel challenges, make new friends and ultimately become global citizens! Peruse these pages to find out where you can go, what you can do, and how you can make informed choices regarding your study abroad options!

STUDENT EXCHANGE PROGRAMME (SEP)

ABOUT

Stand out as a global citizen and be a future-ready graduate by embarking on the Student Exchange Programme (SEP), the longest-running and largest student mobility programme at NUS! SEP is an opportunity for students to spend one or two semesters studying at a partner university earning credits towards their NUS degree, while continuing to pay NUS tuition fees. SEP is a chance for students to experience a different academic culture, live in a foreign country and possibly learn a new language! Students can choose from more than 300 partner universities in more than 40 countries!

Aaron Koh
Faculty of Arts and Social Sciences,
SEP to University of Ottawa, Canada

"Insofar as a picture speaks a thousand words, it conceals manifold unexpressed emotions that wells up – these words are not, or rather, they cannot be articulated – they remain stuck in our throats precisely because our experience eludes the very linguistic attempt to pin down that which can only be treasured within the realm of memory."
ELIGIBILITY & APPLICATION PROCESS

All full-time NUS undergraduates are eligible for SEP, if they:

- complete at least two graded semesters of study at NUS.
- attain a Cumulative Average Point (CAP) of at least 3.0 on the 5-point scale, and no ‘C’ grade (grade point of 2.0) in any module (at the discretion of faculty/department).
- possess adequate financial resources to support living expenses throughout the duration of SEP (approximately S$5,000 – S$15,000 per semester, depending on the cost of living in the SEP destination).
- have a clean disciplinary record and can be a strong ambassador for NUS and Singapore.

Students are ineligible if they are:

- scheduled for their final year projects or internships/industrial attachments.
- in their final semester of study.
- receiving certain scholarships with restrictions on overseas study (at the discretion of scholarship awarding body).
- foreign nationals applying for partner universities that are located in their home country (at the discretion of faculty/department/host university).

HOW TO APPLY

- Plan for SEP as early as you can. Check GRO’s website, reserve your electives modules to be as flexible as possible in your study plan for your SEP semester(s), research partner universities and work out a budget.
- Apply online during the application period which generally runs between September to April (actual dates differ depending on your Faculty). Please check GRO’s website for more details.
- Contact your Faculty’s SEP coordinator(s) for queries on SEP application dates, eligibility requirements, module mapping, credit transfers, withdrawals and application status.

My exchange experience was a parallel to my hike up to Ha Ling Peak in the Canadian Rockies. Similar to how the hike forced me to push myself physically and mentally, exchange forced me to step out of my comfort zone. While completing the hike rewarded me with an amazing view at the top, this exchange programme at Western left me with new friends and valuable experiences which I am truly grateful for.

INTERNATIONAL SUMMER/WINTER PROGRAMMES (I-SP)

NUS students can participate in i-SP offered by partner universities and global university networks to which NUS belongs. These i-SPs allow students to explore and cultivate a deeper appreciation of the culture and lifestyle of their host countries through opportunities for personal development and independent travel. Some i-SPs also allow students to explore non-traditional countries. These programmes are generally held during the NUS vacation period between May and August (summer), and December and January (winter).

MORE SHORT-TERM PROGRAMMES

GRO also offers other Short-term Programmes for students to participate in. These programmes, generally lasting from two weeks to a month, provide students with the opportunity to expand their outlook and gain valuable learning experiences, while exposing them to the historical, social, economic, political and cultural aspects of different countries.

Study Trips for Engagement and EnRichment (STEER) - See page 15 for details
INTERNATIONAL SPECIAL PROGRAMMES

STUDY TRIPS FOR ENGAGEMENT AND ENRICHMENT (STEER)

The NUS Study Trips for Engagement and EnRichment (STEER) are programmes designed to familiarise students with the diverse socio-cultural-economic environment of new and fast-evolving regions through a mix of classroom-based learning and experiential site visits. Inaugurated in December 2010, the STEER programmes have expanded to many countries in Asia, Africa, Europe, the Middle East and Latin America.

NUS STEER programmes have thematic curricula that help our undergraduates break existing mindsets about these emerging regions through participation in an immersive educational and cultural experience.

ELIGIBILITY & APPLICATION PROCESS

• Applications typically open from January to May and from May to September for STEER programmes held between May and July and between December and January, respectively. Students should look out for announcements from their faculties, schools or the GRO website http://www.nus.edu.sg/gro/prog/steer/index.html.
The first NUS STEER Uzbekistan was both educational and enjoyable. We were introduced to the Strategy of Actions on five priority areas in 2017-2021, which is developed at the initiative of the President of the Republic of Uzbekistan to accelerate the economic, social and cultural growth of Uzbekistan. My friends and I were also pleasantly surprised by the warm hospitality and vibrant energy of the Uzbeks. In the streets, we were often spontaneously approached by friendly local youths to chat.

Joining STEER Sail Indonesia (Krakatoa) was probably one of the best decisions that I have made in my university life. This being my first time sailing on board a ship over a stretch of close to 2 weeks, it was an especially refreshing and eye-opening experience. Not only did we manage to catch glimpses of local communities in different regions throughout the voyage, we also got really close to nature through our stop-offs at various coral islands where we snorkeled, kayaked and hiked. On top of that, it was an amazing experience charting into the “unknown” together with other like-minded students, alumni and crew, despite the initial discomfort of living in close quarters. I would certainly not have it any other way!
TEMASEK FOUNDATION INTERNATIONAL LEADERSHIP ENRICHMENT AND REGIONAL NETWORKING (TFI LEaRN) PROGRAMME @ NUS

Temasek Foundation International Leadership Enrichment and Regional Networking Programme @ NUS (TFI LEaRN Programme @ NUS) aims at grooming the next generation of Asian leaders by providing opportunities for cultural exchange, networking, community engagement and leadership development. Students participate in either one of the following two periods: (i) the Student Exchange Programme or (ii) the NUS Overseas Colleges programme in Semester 1 (Aug - Dec) or Semester 2 (Jan - May) to partner universities in Southeast Asia and Asia (China, Hong Kong, India, Japan, South Korea and Taiwan).

ELIGIBILITY & APPLICATION PROCESS

- Applications usually open in March via the GRO website http://www.nus.edu.sg/gro/fa/sch/out/ tfilearn-out.html. Eligible students will be emailed the link of the application form.

The eligibility criteria are:
- Full-time undergraduates who are going on exchange to partner universities in Southeast Asia and Asia (China, Hong Kong, India, Japan, South Korea and Taiwan).
- Singapore Citizens or Singapore Permanent Residents.
- Possess a Cumulative Average Point (CAP) of at least 4 (out of 5)*
- Possess an interest in community service and have served in leadership positions.

* If a student possess a CAP between 3.8 and 4.0 and has outstanding community service and leadership experience, his/her application will also be considered.

Did you know...

- Students participating in the TFI LEaRN Programme @ NUS will receive a scholarship of S$5,000 – S$7,000 from Temasek Foundation International.
The TFI LEaRN Programme allows you to experience different cultures, interact with the locals and serve the community while developing yourself concurrently. I am privileged to be part of this programme and I would strongly recommend all students to come on board and have the time of their lives on exchange!

Syrone John
Laquindanum David
Faculty of Arts and Social Sciences
NUS outbound TFI LEaRN scholar

The TFI LEaRN programme allowed me to immerse myself in the Thai culture, especially through community service activities. Our neighbours have a rich history and tradition, and I am glad that I got to experience it through this programme. In addition, a perk of choosing an Asian destination is that many of the other exchange students are from western countries. This meant that I got to meet people from all over the world.

SINO-SINGAPORE UNDERGRADUATE EXCHANGE (SSUE) PROGRAMME

The Sino-Singapore Undergraduate Exchange (SSUE) Programme is a prestigious programme spearheaded by the respective Ministries of Education (MOE) of China and Singapore. It is a Government to Government (G – G) Tertiary Exchange Programme and was first initiated in 2002 by Singapore’s then Prime Minister Mr Goh Chok Tong to provide a platform for cross-cultural exchange between university students from both countries. The programme will enhance Singaporean students’ understanding of China and its economic potential. Similarly, students from China are exposed to various aspects of Singaporean life, education and culture. The programme consists of two legs – the first in May (China) and the second in July (Singapore).

Teh Ee Thai
NUS Business School and School of Computing

“I’ve gained new Chinese and Singaporean friends through SSUE, improved my grasp of the Chinese language, as well as increased my appreciation of Chinese culture. One of the most impactful lessons for me was a lecture on Chinese Tea Culture, so much that I’ve started drinking tea daily.”

Teh Ee Thai [left with friends at Dian Lake, Kunming, Yunnan]. NUS Business School and School of Computing
Traveling - it leaves you speechless, then turns you into a storyteller. I’m proud to have been a part of this SSUE story, rediscovering Singapore with my new Chinese friends. The sharing of culture, history and fun times strengthened our bonds and wrote a new chapter in our lives.

Chua Khai Shing
Faculty of Arts and Social Sciences

ELIGIBILITY & APPLICATION PROCESS

- Application typically open in February. Students should look out for an announcement on the GRO website or e-mail. Applicants must be Singapore citizens or permanent residents (non-PRC nationals). Please refer to the SSUE webpage for the eligibility requirements and application details http://www.nus.edu.sg/gro/prog/others/sinosg.html.
YALE VISITING INTERNATIONAL STUDENT PROGRAM (Y-VISP)

The Yale Visiting International Student Program (Y-VISP) is an honours programme, designed for undergraduates from Yale’s partner institutions to spend a full academic year at Yale University. Selected students will join the Yale undergraduate community for a full academic year (junior year), enrol in Yale undergraduate courses and live with Yale students in one of 14 residential college communities. They will also participate in extracurricular activities available to all Yale undergraduates.

"Absolutely amazing! Intellectually stimulating on several different levels, socially rejuvenating, and spiritually rewarding. This (Y-VISP) opportunity is a once-in-a-lifetime and our degrees aren’t just for ourselves, but a conduit to improving the lives and experiences of others."

Charlotte Lim Lici
Faculty of Arts and Social Sciences

ELIGIBILITY & APPLICATION PROCESS

- The programme is open to students from selected faculties who are currently in their second year of study (will go to Yale in their third year). Please refer to http://www.nus.edu.sg/gro/prog/others/y-visp.html for the list of eligible faculties, programme details, selection criteria, application process, financial support and other information.
FINANCING YOUR INTERNATIONAL PROGRAMMES

FINANCING YOUR SEP

SEP is a great opportunity for students to experience studying in an overseas university without worrying about additional tuition fees of overseas partner institutions. During SEP, students continue to pay NUS tuition fees, but apart from this, students must ensure that they have the financial means for other expenses like airfare and living costs during their SEP abroad. Students should consider the affordability of various SEP destinations when planning their exchange semester(s), as the cost of living varies from cities to cities.

To help students alleviate the financial burden of participating in SEP, a number of financial assistance schemes are available for students to apply.

AWARDS & LOANS

- MENDAKI-NUS Overseas Programme Fund
- NUS Awards for Study Abroad (NASA)
  - NASA Exchange Bursary
  - NASA Exchange Scholarship
- NUS Alumni Student Exchange Awards
- IE Singapore Young Talent Programme-Market Immersion (co-funding from NUS is required and for eligible programmes at selected destinations)
- SEP Award for the Community Spirited
- Temasek Foundation International Leadership Enrichment and Regional Networking (TFI LEaRN) Programme @ NUS
- Jacob Phang Memorial Scholarship (only for Electrical and Computer Engineering students)
- Loh Boon Chye & Family SEP Awards (financially-needy students on SEP to the UK, the USA and China)
- Overseas Student Programme (OSP) Loan
- Overseas Student Exchange Programme (SEP) Loan

FINANCING YOUR SHORT-TERM PROGRAMMES (I-SP AND I-RAP)

To help students with the cost of participating in short-term overseas programmes, a number of financial assistance schemes are available for students to apply.

- US-Singapore Summer Exchange Scholarship Programme (by invitation only)
- NUS Awards for Study Abroad (NASA)
  - NASA Enhancement Bursary
- Enterprise Singapore Young Talent Programme-Market Immersion (co-funding from NUS is required and to selected destinations for summer programmes)
- China Initiatives Steering Committee (CISC) Funding (for programmes in China)
- Tan Mingwei Global Community Service Grant (for internships with organisations on community projects)
- Overseas Student Programme (OSP) Loan

FINANCING YOUR SPECIAL PROGRAMMES

Students will receive some form of financial support under the respective special programmes/scholarships.

- Language Immersion Awards (France/Germany)
- China Initiatives Steering Committee (CISC) Funding (for programmes in China)
- STEER (Study Trips for Engagement and EnRichment) Programme
- Sino-Singapore Undergraduate Exchange (ISSUE) Programme
- Yale Visiting International Student Program (Y-VISP)
- Temasek Foundation International Leadership Enrichment and Regional Networking (TFI LEaRN) Programme @ NUS
- NUS-French Double Degree Programme (French language immersion)
- Japan East Asia Network of Exchange for Students and Youths (JENESYS) 2.0 Programme
- Italian Government Scholarships (For postgraduates only)
“Student Exchange Programme is a once in a lifetime experience to see the world and meet people of different cultures! Definitely an experience I will hold close to my heart.”
