

## Forum on Innovating for the Ageing Society: 4th meeting on 24 July 2009

It is my pleasure to once again invite you to a forum meeting on Innovating for the Ageing Society. I trust you enjoyed the last forum meeting at >60 Design Centre in June. The next meeting will be held on 24<sup>th</sup> July at Board Room at the NUS Enterprise office. Address and details are given below. We will be giving a briefing on the Technology Commercialisation Forum, as a platform to showcase your innovative assistive technology projects and inventions to an audience comprising potential customers, partners and investors from the region.

One of NUS' spin-off companies Portege; will also be presenting their innovative game platform and to invite members and/or students to develop new games for the elderly that incorporate wireless controls for dynamic full body motion games which entertain and include benefits of physical exercise to improve fitness.

I also welcome you to include any other topic you would like to share with the forum members at the meeting on the 24<sup>th</sup> and we will add it on the agenda.

I look forward to meeting and sharing valuable experiences with everyone.

Please contact Melina at [melina@nus.edu.sg](mailto:melina@nus.edu.sg) or 6516 8460 to confirm your participation by 20/7/09 (Mon).
