

Dear Ms. Wang Ai Kim:

This is Haozi, one of your old students at NUS extension. I am a Japanese. Do you still remember me? Please kindly excuse me for not contacting you sooner.

I successfully obtained Chinese government scholarship with your great help of the letter of recommendation. The scholarship extends over all, tuition, living fee, medical, textbooks and so on. I feel I am very fortunate with this. From Sep 2007, I am in 对外经济贸易大学 in Beijing, which was my first choice among universities. What's more, there will be Olympic in this Summer in Beijing. I am very excited to be in Beijing, one of the hottest city in the world.

I will be entering Graduate school from Sep 2008 and will study for 2 years till get Master's degree. At the time of graduation, I will have been in China for 3 years in total.

Last November, I took HSK and got level 6. Before I had your classes, it was just level 3. I am very happy with the improvement.

Again, I would like to express my appreciation toward your kind help for me.

Best Regards,

Hiroko ISHIKAWA
