A*STAR UNDERGRADUATE SCHOLARSHIP (AUS)

SUMMARY OF MAIN TERMS AND CONDITIONS

1. The Scholarship award is open to Singapore Citizens, and provides for up to four (4) years of funding for single degree undergraduate programmes, and up to five (5) years of funding for double degree undergraduate programmes, in Physical Science, Engineering or Biomedical Science disciplines in a Singapore autonomous university.

2. The award is tenable for the normal period of time required for students to successfully complete the approved undergraduate degree(s) from the point of award.

3. The award is subject to review on an annual basis, and may be extended subject to:
   a) good progress as determined by A*STAR; and
   b) the successful completion of at least one research attachment of a minimum duration of 8 weeks at an A*STAR research institute prior to graduation.

4. The award includes support for:
   a) Tuition fees
   b) Monthly sustenance allowance
   c) Research opportunities at A*STAR Research Institutes
   d) One overseas exchange programme (up to 6 months) during the undergraduate studies
   e) University hostel fees (if applicable).

5. Upon completion of undergraduate studies, the awardee is required to embark on a PhD programme in a Physical Science, Engineering or Biomedical Science discipline to be approved by A*STAR.
