

**NUS Graduate School for Integrative Sciences and Engineering
Research Project Write-up**

Title of Project: Theoretical problems in quantum physics and quantum information science

Name of Supervisor: BG Englert
www.physics.nus.edu.sg/~phyebg

Contact Details: phyebg@nus.edu.sg
+65-6516 62 62

Short Description

At any time there is a variety of projects available in the field of quantum physics in general and quantum information science in particular. Interested students please consult www.quantumlah.org (Centre for Quantum Technologies) and www.physics.nus.edu/~qittg (interdisciplinary theory group at the centre), and then contact Prof Englert.
