3.3.8 Internship Programmes

The Law School encourages our undergraduates to acquaint themselves with legal work through vacation internships with local and foreign law firms, companies and institutions, the Legal Service and other government authorities. Around 85-90% of students do an internship during their time at the Law School and there is no lack of internship places available. As such, the Law School has made a conscious decision not to make internships a compulsory part of the curriculum, preferring to give our students the flexibility to use their vacation time to pursue other interests, including doing voluntary work.
