

### **3.3.5 Minor Programmes**

Students may choose to do a non-law minor programme from other faculties and count the non-law modules towards the credit requirement of the LL.B. However, where the student has read more than 12 credits outside the Faculty of Law, the student's non-law credits will be aggregated and pro-rated so as to accord them a weighting of 12 credits in calculating the Class of Honours.

For the list of minor programme, and the detailed requirements of each Minor, please refer to the relevant sections under each Faculty/School in the NUS Bulletin.
