For the ACT, all sections (inclusive of writing) have to be taken in one sitting. Combination of section scores from different sittings is not accepted.

### SAT

The redesigned SAT (offered from 1 March 2016) consists of 2 sections (Evidence-Based Reading and Writing, and Mathematics), while the SAT (offered up to 29 Feb 2016) consists of 3 Sections (Critical Reading, Writing and Mathematics). All sections of the SAT have to be taken in one sitting. Combination of scores from different sittings is not accepted.

The minimum acceptable test scores are 600 for Evidence-Based Reading and Writing, and 650 for Mathematics.

## SAT Subject Tests

The SAT Subject Tests are content-based tests. 3 subject tests should be taken. The Mathematics Level 2 subject is compulsory while the two other subjects may be of your choice.

Applicants are required to submit 3 subject tests as follows:

- Mathematics Level 2 <sup>^</sup>
- A second subject of your choice (excluding Mathematics Level 1)
- A third subject of your choice (excluding Mathematics Level 1)

For SAT Subject Tests, NUS accepts the score for 3 subjects that are taken within two sittings over 12 months. All other combinations or mixing of scores are not permitted. Please note that the previous test format (SAT I & II) and the new test format (SAT and SAT Subject Tests) cannot be combined. The validity of scores is five years, e.g. for applications closing on 1 March 2018, the validity period is from 1 March 2013 to 1 March 2018 (both dates inclusive).

The second and third subjects should be chosen based on the subject prerequisites of the courses you are applying for at NUS. For example, if you are applying for Chemical Engineering, you will need to choose Physics and Chemistry. If, however, you are applying for Business Administration, you may choose any subjects except Mathematics Level 1. The minimum acceptable Subject Tests scores are 650 for each subject.

Applicants who wish to apply for Law or the double degree programme of Economics and Law are not required to present IELTS and/or TOEFL if they are presenting SAT and SAT Subject Tests as their basis for admission.

<sup>^</sup> Mathematics Level 2 is a compulsory subject for all courses except for Law. Applicants applying for admission to Law may take any subject combination for the SAT Subject Tests.
