

Notification of Grade Profiles and Course Places for Singapore-Cambridge GCE A-level and Local Polytechnic Diploma Applicants for the Academic Year 2018/2019 NUS Undergraduate Admissions Exercise

The University provides the following notification of grade profiles and course places to enable prospective applicants to make informed choices in their application for admission to NUS undergraduate courses.

- Representative grade profiles¹ of the 10th and 90th percentiles of applicants offered places in AY 2017/2018 for applicants holding Singapore-Cambridge GCE A-level qualifications are shown in [Table 1](#). The grade profiles refer to the grades scored by Singapore-Cambridge A-level applicants in their three H2 and one H1 subjects. For the purpose of this notification, Grade C is assumed for both General Paper (GP) and Project Work (PW) in determining the grade profiles. Please note that certain courses may require grades higher than Grade C for GP. Please refer to [Table 1](#) for the Grade Profiles of the 10th and 90th percentiles of A-level applicants offered places for courses at NUS in AY 2017/2018.
- Representative polytechnic Grade Point Averages (GPA) of the 10th and 90th percentiles of local polytechnic applicants offered places for courses at NUS in AY 2017/2018 are shown in [Table 2](#). Please note that in addition to the Polytechnic GPA, the Singapore-Cambridge O-level results of polytechnic applicants are also taken into account for university admissions. Please refer to [Table 2](#) for the Polytechnic GPAs of the 10th and 90th percentiles of polytechnic applicants offered places for courses at NUS in AY 2017/2018.
- The number of course places taken up in NUS for AY 2017/2018 is shown in [Table 3](#). It is important to note that the number of course places changes from year to year.

Applicants seeking admission in AY 2018/2019 can expect competition to be keener for courses with more stringent grade requirements and fewer places. In using the tables below, please note the following:

- The grade profiles, GPAs and course places may vary from year to year, depending on the number and performance of applicants and the number of places available.
- Meeting the previous year's grade/GPA scores of a course does not guarantee admission to that course for AY 2018/2019.
- The grade profiles do not take into account offers that were made under Discretionary Admissions.
- The courses marked with an asterisk (*) are those where additional assessments such as interviews, selection tests, and portfolios are required.
- Certain courses may have specific subject requirements. Details can be found at [NUS admissions website](#).

For more information on the disclosure of grade profiles, please refer to our FAQ [here](#).

8 January 2018

¹ These provide an indication of the grade profiles for the majority of applicants admitted in AY 2017/2018. There could be other equivalent profiles for each course. For example, a grade profile of ABC/C could be considered to be broadly equivalent to BBB/C, unless there are other pre-requisites.
