COMPLIANCE WITH NUS’ SAFE MANAGEMENT PRACTICES TO REDUCE TRANSMISSION OF COVID-19 IN HOSTELS

These procedures are applicable for SEMESTER 1 AY2021 and till further notice.

All residents on campus must abide by the following:

1. Download and activate Apps as directed by the University for the purpose of contact tracing and comply with use of digital check-in systems where deployed on campus.
2. Wear a mask whenever you are outside your hostel room.
3. Maintain a safe distance of 1.5m when interacting with others.
4. Comply with regulations put in place in your hostel regarding the use of common spaces (including study rooms, pantries, lounges, theme rooms, committee rooms, dining hall, multi-purpose hall and other facilities), conduct of student activities, and the maximum number for people allowed at social or other gatherings.
5. Visitors are not allowed in the hostel at any time. The only exceptions to this rule are visitors who are on official business authorized by the Master.
6. Monitor and declare your temperature online according to requirements.
7. For the purpose of minimizing transmission across campus, you will be housed in a block/set of floors with students from your own group of faculties (campus zone). You must not (a) access blocks/floors other than those of your assigned zone, or (b) meet in person with residents from zones other than your own.

The sanctions framework for non-compliance with the above guidelines is shown below. Students who repeatedly or egregiously breach the guidelines may also be referred to the Board of Discipline
