## GOVERNMENT-SUBSIDISED GRADUATE PROGRAMMES

### Tuition Fees Per Annum (Academic Year 2019/2020)

#### Notes for New Students:

1. All fees quoted here are in Singapore Dollars (S\$). Tuition fees are reviewed yearly and thus, subject to revision.
  - a) Tuition fees for graduate coursework and graduate research programmes for students admitted in AY2019/2020 intake will be increased by 1% and 1.5% per year respectively, for the remaining course duration.
  - b) Non-subsidised fees are payable for Coursework students who exceed normal candidature.  
(Note: Refer to this [link](#) for residency requirement, normal and maximum candidature)
2. For students who are Singapore Citizens and Singapore Permanent Residents, the tuition fees quoted here are subsidised by the Singapore government (through the Ministry of Education, MOE) and are exclusive of prevailing GST. The applicable GST for these students is subsidised by MOE. With effect from AY2018/2019, newly admitted Singapore Permanent Residents from Double Degree Programme comprising an MBA from Renmin University of China (RUC) and Master of Science in Real Estate (MRE) from NUS are not eligible for MOE subsidy.
3. With effect from AY2016/2017 intake, the prevailing GST (currently 7%) on the fees payable will be borne by International Students. The tuition fees quoted here are inclusive of the prevailing GST.
4. Students who are not in receipt of MOE Subsidy will have to pay the non-subsidised fee amounts as quoted here (which are inclusive of the prevailing GST).
5. Students who have previously enjoyed government subsidy or sponsorship by a Singapore government agency (such as scholarships offered by the Ministries, Public Service Commission and Statutory Boards) in a graduate programme should refer to the [Eligibility Guidelines for MOE Subsidy](#). Students who are not eligible for MOE subsidy are also not eligible for most scholarships. For more details, please refer to [Scholarships/Awards](#)
6. [SkillsFuture Mid-Career Enhanced Subsidy](#):  
Students who are Singapore Citizens, aged 40 and above (based on the year which the student turns 40 years old) and enrolled in MOE-subsidised coursework programmes may be eligible for higher subsidy under the [SkillsFuture Mid-Career Enhanced Subsidy](#). The fees payable will be 60% lower than the standard subsidised fees payable by other Singaporean students. The amount of fees payable will be reflected in their [individual student bill](#). Students who are not eligible for MOE subsidy are also not eligible for the [SkillsFuture Mid-Career Enhanced Subsidy](#).
7. [Service Obligation Scheme](#):  
The University may deem it feasible, based on industry demand, to implement a Service Obligation (in some MOE-subsidised programmes) for International Students. International Students who are eligible and have signed the Service Obligation Agreement will pay reduced tuition fees. The amount of fees payable and MOE Subsidy under Service Obligation will be reflected in their [individual student bill](#). The determination of this feasibility is at the sole discretion of the University.
  - a) With effect from AY2017/2018, International Students who are on MOE-funded scholarships that come with Graduate Assistantship Programme (GAP) requirements - NUS Graduate School for Integrative Sciences & Engineering Scholarship (NGSS), President's Graduate Fellowship (PGF), NUS Research Scholarship (RS), Tuition Fee Allowance (TFA) and Singapore International Graduate Award (SINGA) are not eligible to sign for the [Service Obligation](#).
  - b) With effect from AY2018/2019, newly admitted International Students enrolling into the Double Degree Programme comprising an MBA from Renmin University of China (RUC) and Master of Science in Real Estate (MRE) are not eligible for MOE subsidy, hence, they are not eligible to sign Service Obligation Scheme.
  - c) Students, who are required to pay Liquidated Damages (LD) to MOE for breaking the bond, would have to pay the total amount of MOE Subsidy under Service Obligation (reflected in their [individual student bill](#)) plus 10% interest rate compounded at the end of each academic year.
8. Fees for programmes in the following institutions may be found on their respective websites: [Lee Kuan Yew School of Public Policy](#); [Duke-NUS Medical School](#); and [Institute of Systems Science](#).
9. [Special Term](#):  
Fees are chargeable for students on coursework programmes reading modules in Special Term.
  - a) Fees for full-time and part-time students are the same for the modules read in Special Term. These fees are charged on a per Modular Credit (MC) basis based on the respective full-time student rates. The fee calculation is based on a full-time student taking a [maximum load of 20-24 MCs](#) in a regular semester or 40-48 MCs per annum as per their programme requirement. The table below shows an example of per MC and 4-MC module fees payable by Engineering (Coursework) students who read the full programme requirement of 40 MCs in AY 2019/2020.

	Singapore Citizen	Singapore Permanent Resident	International Student (with Service Obligation)	Non-Subsidised fee
Per MC Fee	\$9,500/40 = \$237.50	\$15,150/40 = \$378.75	\$23,050/40 = \$576.25	\$36,950/40 = \$923.75

For more information on the special term fees payable, please approach faculty/school administrators.

- b) Students taking modules from self-funded programmes will pay the fees per module as specified by the programmes.
10. Master of Architecture PR/IS students from NUS Concurrent Degree Programme (CDP) will enjoy the MOE subsidy based on the admission year of their Bachelor of Architecture programme and commencement of Master of Architecture programme.
