President's Message

Dear fellow alumni and friends,

It is with great pleasure that I look back at 2016 and at the strong support our alumni showed towards our alma mater.

I am especially heartened by the spirit of giving back which our alumni leaders and volunteers selflessly demonstrated in leading and participating in a range of meaningful activities for the wider community.

This was particularly evident at the inaugural *NUS Day of Service*, which itself was the brainchild of the NUS Alumni Advisory Board. Our alumni, students and staff worked very energetically together in more than 20 community projects that touched the lives of thousands of beneficiaries across Singapore and overseas.

In the same way, the annual *NUS Alumni & Friends Golf* tournament took on additional significance last year, because it championed fundraising for financially needy students at NUS. On behalf of the many student beneficiaries, I would like to thank the organising committee and our alumni and friends who strongly supported this initiative.

More generally, the NUS community has benefited greatly from the pivotal role that our many alumni leaders and volunteers have played in enriching and supporting NUS programmes and initiatives. These have had a strong positive impact on our community and advanced the mission of our University.

I am also pleased at the strong turnout at the many events organised by OAR in 2016 for our alumni. Signature events such as the *Kent Ridge Alumni Family Day* and *Bukit Timah Homecoming* saw alumni across Faculties and classes back on campus to reminisce with old friends and relive memories of their time on campus.

I truly appreciate the strong support of our alumni and friends who have contributed so much to the vibrancy of our alumni family and NUS. I would like to invite even more of our alumni to come forward to play an even more active part in support of NUS' pursuit of excellence and tradition of service.

Director's Message

Dear fellow alumni and friends,

2016 has been another meaningful and successful year because of your continued support and participation. We continued to provide strategic platforms to meet your professional and personal aspirations, through a host of events, activities and initiatives throughout the year.

In 2016, the Office of Alumni Relations (OAR) organised a total of 70 local and overseas events, and continued to support alumni activities by our Alumni Groups, Overseas Chapters, Faculties, Schools, Halls and Residential Colleges such as reunions, gatherings and seminars.

I am very heartened by the immense interest and support shown by our alumni, students and staff towards the inaugural *NUS Day of Service*. This meaningful event brought the NUS community together as one united family to serve the community in areas and causes that spoke to their hearts, be it the environment, animal welfare, senior welfare or the underprivileged.

U@live, one of OAR's signature events, was revamped in 2016 to 'Lift Thought Leadership' by looking beyond the NUS community and inviting global thought leaders to campus to share their expertise and experience with us. We were honoured to have distinguished guests including a Nobel Prize winner, leading economist, social entrepreneur and humanitarian worker – who provided us with invaluable insights into their professions, and whose dedication and passion towards their work were an inspiration to many.

It is encouraging to witness the strong bonds that our alumni share with one another and with our alma mater. This was demonstrated through the many reunions, gatherings and activities organised by alumni to engage and connect with one another; as well as the strong participation of alumni in OAR events such as the *Bukit Timah Homecoming*, *Kent Ridge Alumni Family Day*, *Thirsty Thursdays*, *Film Festivals* and *Movies On The House*.

2016 also marked a change in leadership from Associate Professor Victor Savage to me on 1 July. On behalf of OAR, I would like to put on record our thanks to Victor for captaining the Alumni Ship over the last three years. He ably led this ship in many ways and he is well known for his vocal prowess when on many an occasion he rose to lead in song. I will openly admit that this will be one hard act to follow.

As OAR continues in our mission to nurture mutually beneficial and lifelong relationships with alumni, I look forward to the continued support of our alumni and friends to build an even stronger and united alumni family.

Alumni Groups

In 2016, there were 66 local Alumni Groups (AGs) based on Faculty, School, Hall, Residential College or Interests connecting alumni with one another and with their alma mater. The following highlights some of the key events organised by AGs and the diverse selection of activities connecting alumni both in and beyond the campus.

Building and Estate Management Alumni

Every year, the Building and Estate Management Alumni (BEMA) organises a variety of activities to cater to the needs of their alumni members. Hosted by the President of BEMA, Dr Teo Ho Pin (Design and Environment '85), the annual BEMA fundraising golf tournament provides networking opportunities for like-minded alumni and fellow professionals in the building and real estate industries. In 2016, BEMA donated S\$30,000 of the funds raised through its golf tournament to the North West Student Support Fund to help needy students. In addition, as part of continuing professional development, BEMA also organises seminars and talks for alumni to keep pace with pertinent issues and developments in the industry. In 2016, a seminar on 'Water seepages – the Diagnosis, Repair & Legal Liabilities' was organised. BEMA also gave talks to first year NUS students on career prospects through personal sharing, testimonies and tea networking sessions. The talks were well received by students with a good turnout of 80 per cent of the cohort.

Associate Directors for Alumni Relations

Associate Directors for Alumni Relations (ADs) are appointed by the respective Faculties, Schools, Halls and Residential Colleges to work closely with OAR to develop and foster relations with their alumni and students. 26 ADs were appointed in 2016, and three AD meetings were held by OAR to share updates on alumni events and activities, as well as to discuss initiatives and opportunities for better alumni engagement.

Japanese Studies Alumni Association

2016 has been an exciting and nostalgic year for the NUS Department of Japanese Studies and the NUS Japanese Studies Alumni Association (JSAA). The Department's Alumni Homecoming and JSAA Annual General Meeting (AGM) held on 18 June saw a great turnout of alumni spanning three decades. Staff and alumni gathered for one last time at the Department's meeting room at AS4 before it moved to its new premises at AS8. At the AGM, the JSAA, previously helmed by Ms Sia Sheau Chwen (Arts and Social Sciences '89), formed a new committee led by Mr Eddie Tay (Arts and Social Sciences '09).

The new committee, together with the Department, organised the Department's 35th anniversary celebration party held on 5 November at the National University of Singapore Society Suntec City Guild House. More than 60 faculty, staff and alumni attended the event, where Head of Department, Associate Professor Thang Leng Leng (Arts and Social Sciences '88), gave the opening address. The attendees were also treated to a presentation on Kagoshima, by the Kagoshima Prefectural Government's ASEAN Regional Director and Vice-President of JASS, Mr Kennard Xu (Arts and Social Sciences '08).

Master of Science (Environmental Management) Alumni

2016 was a busy year for the Master of Science (Environmental Management) Alumni (MEM Alumni).

On 7 May, MEM Alumni, with Singapore Youth for Climate Action and WWF International, organised a seminar on '*Climate Change Negotiation Landscape: Road from Paris and Beyond*'. At the MEM's 2016 Welcome Ceremony for new students on 5 August, the Group conducted a negotiation game on water resource management.

MEM Alumni also participated in the NUS Day of Service on 3 September, with the NUS Environmental Studies Alumni, the NUS Office of Environmental Sustainability and City Square Mall, and organised '*Bin Right!*' - a waste recycling awareness event for the public.

During 9 to 11 November, together with the NUS Asia Pacific Centre for Environmental Law and the Bachelor of Environmental Studies, MEM Alumni organised a conference on '*Attaining The Sustainable Development Goals*' where prominent speakers and field experts presented from the perspectives of environmental law, policy and management.

Ms Verleen Goh (Science '10) and Associate Professor Huang Dejian shared their experiences on setting up their businesses to ignite the flames of entrepreneurship in students and alumni; and Ms Dewi (Science '03) provided an insightful sharing on how companies can expand their businesses to tap on the halal market.

To showcase the 'heart' of FST Alumni, in conjunction with the NUS Day of Service, the Group visited the residents of the Salvation Army nursing home at Changi. During the event, the alumni interacted with the residents and entertained them with song and dance performances. It was a memorable event for the alumni as they touched the hearts of the residents.

Overseas Chapters

Overseas Chapters in major cities across the world help manage NUS' global alumni network. A total of 18 Overseas Chapters help bring NUS closer to alumni who are living or working overseas, through activities such as reunions and networking events.

Class Ambassadors

Class Ambassadors play a vital role in building connections and strengthening ties between their class and the University after graduation.

The annual *Class Ambassadors Investiture* was held on 18 March to welcome and present Certificates of Appointment to the new batch of 200 Class Ambassadors for 2016. To recognise outstanding Class Ambassadors who have made significant contributions, the inaugural *Outstanding Class Ambassadors Awards* was held in conjunction with this year's Investiture. 14 outstanding Class Ambassadors received this Award from the Guest-of-Honour, NUS Deputy President (Academic Affairs) and Provost Professor Tan Eng Chye (Science '85).

Our Future Alumni - Students

Students are the future alumni of the University, and OAR aims to create an enriching student experience to build a strong foundation for alumni-*alma mater* relationship.

Commencement Outreach

The class of 2016 was the latest addition to the alumni family. At the Commencement ceremonies, OAR distributed the *AlumConnect* welcome pack to the graduates containing information on staying connected with NUS and their privileges as NUS alumni. To add to the celebration, a special photo backdrop complete with props was prepared for graduates to bring home lasting memories of this meaningful occasion.

Alumni-Students Networking Programme

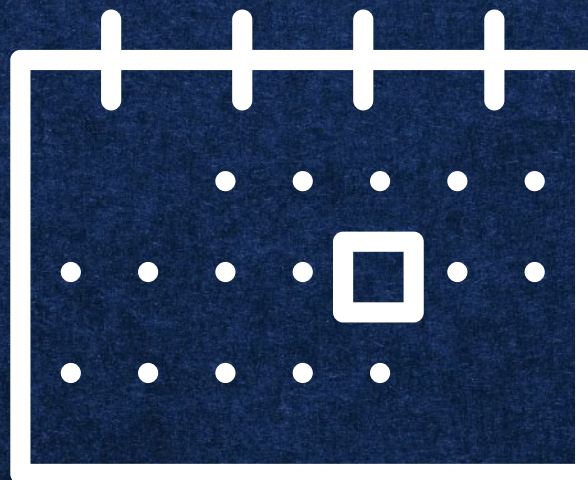

Each year, OAR supports the Alumni-Students Networking Programme organised by the Centre for Future-ready Graduates at NUS. The programme includes networking workshops, seminars and talks that are themed according to the respective faculties or industries. It creates a platform for students to be mentored by alumni about life in the workforce after graduation. Alumni are also presented with the opportunity to volunteer their time and expertise in their respective fields, to contribute back to their *alma mater* and make a difference in a student's life.

Nurturing Future Alumni

OAR organises annual dialogue sessions with the NUS Students' Union and Graduate Students' Society to foster closer links with student leaders and to explore potential areas of collaborations.

Data Updates

NUS alumni can stay connected with NUS by updating their contact information at **alumnet.nus.edu.sg/updatesmy particulars**. This will ensure that they receive complimentary communications such as the monthly OAR e-Newsletter, the quarterly *The AlumNUS* magazine, significant University news, event invitations and exclusive alumni privileges.

NUS Do Not Call (DNC) Registry and Personal Data Protection Act (PDPA)

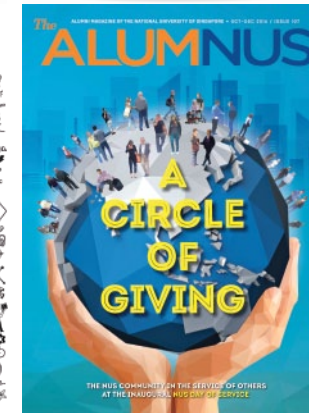

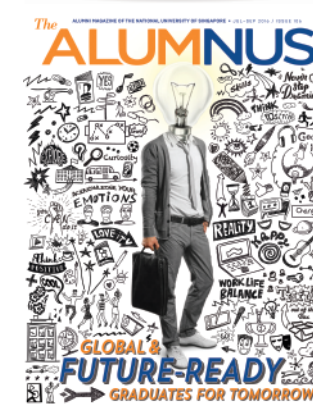

As of 2 January 2014, DNC Registry allows you to indicate your preference for receiving marketing messages from NUS on your Singapore number through various communication methods.

If you wish to make changes to your preference, please provide your updates at **https://myaces.nus.edu.sg/DNC/index.do**.

As of 2 July 2014, in compliance with PDPA Singapore, OAR would like to inform you that the University will continue to engage you as an alumnus through the following ways:

- Providing you with information about the University and alumni-related initiatives and activities.
- Sending you invitations to NUS- and alumni-related events.
- Requesting you to update alumni information.
- Sending you invitations to participate in alumni surveys.
- Sending you alumni-related communication collaterals.

If you wish to withdraw your consent to be contacted, please visit **https://myaces.nus.edu.sg/PSR/index.do**.

The AlumNUS Magazine

Published quarterly, The *AlumNUS* magazine keeps alumni and the NUS community abreast of news and developments of NUS and its alumni. It profiles members of the alumni community with newsworthy or inspirational stories, and highlights the latest NUS news on education and research as well as happenings in the vibrant alumni scene.

The magazine is available online at **alumnet.nus.edu.sg/alumnusmagazine**.

e-Newsletter

OAR's monthly e-Newsletter keeps NUS alumni informed of upcoming alumni events and latest University news.

AlumNUS Card

The *AlumNUS* Card entitles NUS alumni to a host of benefits and privileges on campus and island-wide, including perks in Travel and Leisure, Food and Beverage, Beauty and Wellness, and more.

NUS alumni who have yet to own one can apply for their complimentary personalised *AlumNUS* Card at **alumnet.nus.edu.sg/alumnuscard**.
