

Steps for booking

If you are accessing the website from outside NUS:

1. First download and install the NUS-VPN client to bypass the NUS firewall. This can be downloaded from: <http://webvpn.nus.edu.sg>. Please ensure that you select "NUSSTU" from the drop-down menu.
2. Install and run the VPN client. With the VPN connection still running, log on to <https://wws.nus.edu.sg/CELCWRITHUB/Default.aspx> to make an appointment using your NUS user ID and password.
3. If you have problems installing the NUS-VPN client, please contact the Computer Centre at 65162080
4. If you are prompted by IE (Internet Explorer) for username and password, please specify "NUSSTU\your student user ID" for user name. The password is your computer account password.

If you are inside NUS go to <https://wws.nus.edu.sg/CELCWRITHUB/Default.aspx>
