Student Exchange Programme

Student Exchange Programme (SEP)

Stand out as a **global citizen** and **future-ready graduate** by embarking on SEP – our longest-running and largest student mobility programme at NUS!

300+

Partner Universities

2,000

Students each AY

50

Countries

20,000+

Alumni Participants

What is SEP?

SEP is an opportunity for students to:

- 1 Spend **one or two semesters** studying at a partner university
- 2 Earn **modular credits** toward their major in a new academic setting
- 3 Immerse themselves in a **new place and culture**
- 4 Enjoy **tuition-fee waiver** from the partner institution, and pay NUS tuition fees for the exchange semester(s)

TOP REASONS FOR GOING ON SEP (what our students say)

- 1 To experience a different culture
- 2 Personal development
- 3 To experience a different education system

AFTER THEIR SEP EXPERIENCE...

~99%

Felt more capable of taking care of themselves

~99%

Became more adaptable to new environment or changes

Financial Aid for SEP

A group of young people, mostly women, are walking through a snowy forest. They are dressed in winter clothing like coats, scarves, and hats. Snow is falling around them, and the ground is covered in a layer of snow. The background shows trees with some snow on their branches and a few trees with red leaves. The overall atmosphere is bright and cheerful.

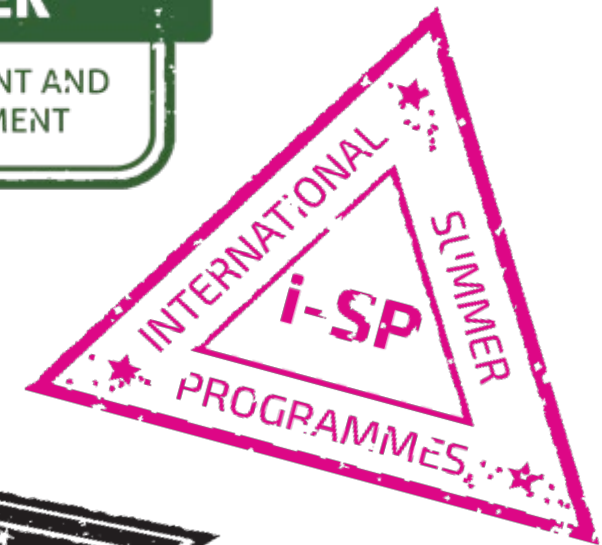

Short-Term Programmes

Short-Term Programmes

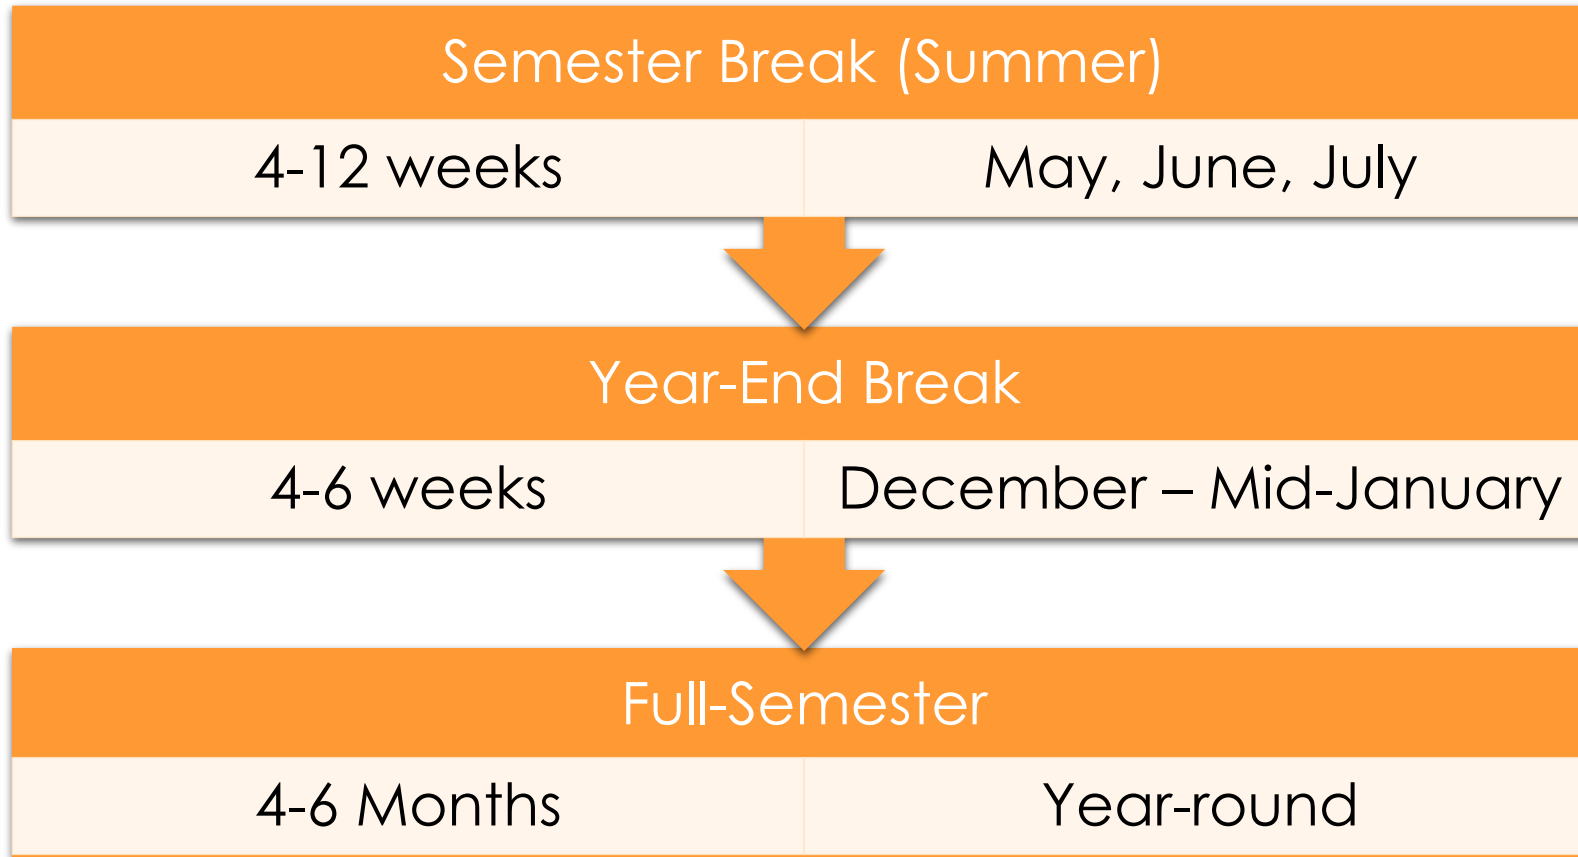

Maximise your term breaks by joining a short-term programme like a summer/winter academic programme, a research attachment at a partner university, a study trip or even a special exchange programme to China!

- Earn credits towards your degree (depending on programme)
- Apply for the financial support administered by GRO

When do Short-Term Programmes take place?

International Summer/Winter Programmes (i-SP)

- shorter in duration than SEP; offers students the opportunity to explore non-traditional study abroad destinations
- cultivates a deeper appreciation of diverse cultures and lifestyles in different countries while not affecting the academic term.

NUS
National University
of Singapore

Global Relations
Office

International Research Attachments (i-RAP)

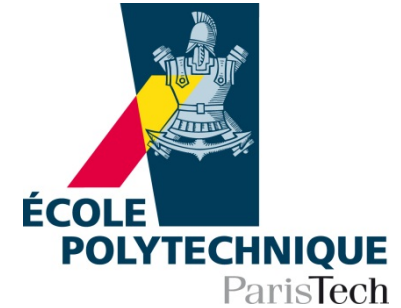

- Opportunity to conduct research in a different academic/research environment under the mentorship of world-class researchers at NUS partner universities
- Availability depends on research topics and professors/researchers who are able to supervise.
