**COVID-19 related updates:**

Students may be considering physical (on-site) Summer and Research Attachment programmes in 2022. Due to the fluid situation of the COVID-19 pandemic, there is still much uncertainty regarding international travel in the months ahead.

Students' ability to travel to a country for Summer 2022 will be determined by the host country's travel policies as well as any updates to the latest travel advisory from Singapore authorities. Do factor in the need for quarantine in the host country and stay-home notice upon return to Singapore when considering the feasibility of participating in these programmes.

To be eligible for physical (on-site) summer programmes, students will need to:

1. be fully vaccinated
2. complete the compulsory Overseas Travel Preparedness (OTP) module on LumiNUS **one month before** the programme start date. Search for GRO101 Overseas Travel Preparedness (non-SEP participants AY 21/22);
3. submit a copy of the completed [Risk Acknowledgement and Consent Form](#) on LumiNUS **one month before** the programme start date. Look for the 'Summer Programmes' folder and a subfolder with the country of your programme;
4. register with the Ministry of Foreign Affairs or your country's diplomatic mission; and
5. attend a pre-departure briefing conducted by GRO.

Students who proceed with the physical (on-site) option acknowledge the risks associated. NUS will not be responsible for any lost deposits or expenses (including but not limited to programme/tuition fees, air tickets, housing deposits, meal plans and/or non-academic student fees) associated with travel disruptions.

Students are advised not to make any financial commitments particularly those which are non-refundable until they are certain that travel is possible. Students will be fully responsible for any and all travel expenses, quarantine accommodation costs, COVID-19 tests or other costs related to the measures imposed at that point of time, both in the host country and Singapore.
