**Online Class (Quarantine Period)**

1. **Blended Mode (2 week online + 2 week offline)**

Following the Korean government policy, Hanyang requires all the students to strictly follow the quarantine guideline announced by the Ministry of Health and Welfare. So far, two-week quarantine is still mandatory for all travelers coming to Korea, including Korean nationalities. Thus, Hanyang has designed the 2021 HISS in blended mode with two-week online and two-week offline sessions to help students:

1. Reduce unnecessary confusion that may caused by COVID-19,
2. Save travel expenses for the students who have to pay for both quarantine facility and own accommodation,
3. Save time by utilizing the quarantine period as online studying period.
2. Introduction of HISS

2) HISS SCHEDULE

Two-week Quarantine

2. Quarantine Accommodation

• Visa-free countries:
Based on the government policy, all travelers coming from visa-free countries must stay at a government quarantine facility from the date of arrival. Travelers will be assigned to an accommodation at the airport and be released on the 15th day of the quarantine. The estimated costs for the government facility is around 2,100,000 KRW (1900 USD), meals included.

• D-2-8 Short-term study visa:
As the government facilities do not accommodate travelers holding a student visa, Hanyang will arrange the quarantine facility for students who need to apply for the study visa. Student must stay at a quarantine facility designated by Hanyang University and be released on the 15th day of the quarantine. The estimated costs for the university facility is around 1,500,000 KRW (1400 USD), meals included.

Students who prefer university facility to government ones must obtain a student visa(D-2-8) when they enter Korea. For those who are coming from visa-free countries, it is up to the students to decide whether they would like to stay at the government facility and visit without applying for a visa, or apply for a student visa and stay at a university facility.

3. Designated Period for Arrival to Korea (June 20 – June 30)

This year, to provide a safe and healthy environment for all participants of HISS 2021, Hanyang will strictly manage all quarantine status of the students. Since the first offline program for HISS 2021 is scheduled on July 16th, we will make sure all participants can finish their quarantine by July 15th. To achieve this goal, we have set an entry period for all HISS 2021 participants. Students may arrive in Korea on any of the dates between June 20 and June 30. As Hanyang’s quarantine facility will only be available from June 20th, students who plan to arrive earlier than June 20th must inform Hanyang office in advance and arrange their own quarantine accommodation.

• Students who arrive on June 30 will be released from the quarantine on July 15th.
• Please note that those who arrive later than June 30 will be withdrawn from the program.

6) VISA (IMPORTANT)

D-2-8 Short-term Study VISA

Students from countries which are excluded from the Visa waiver agreement program must apply for a short-term study visa (D-2-8) on their own.

Consult with the Korean Embassy or Consulate for the documents required for VISA application.

Obtain documents provided by Hanyang.
1) Certificate of Admission
2) Certificate of Business Registration of Hanyang
*All the documents will be issued upon student’s request.

Visit the Korean Embassy or Korean Consulate Office in the country you are currently studying at to apply D-2-8 VISA to Korea.

Note: Recently, due to the COVID-19 virus, Visa free entry for some countries has been temporarily suspended. Therefore, students must consult with the Korean Embassy in the country before departure. It is the student’s obligation to obtain the correct visa for the program.
