COVID-19 related updates:

Students may be considering physical (onsite) summer programmes in 2021. Due to the fluid situation of the COVID-19 pandemic, there is still much uncertainty regarding international travel in the months ahead.

Students’ ability to travel to the Republic of Korea for Summer 2021 will be determined by the host country’s travel policies as well as the latest travel advice from Singapore authorities. In the event that Singapore authorities advise against non-essential travel to Korea for Summer 2021, students will not be able to travel to Korea for their summer programmes.

Students who proceed with the physical (on-site) option acknowledge the risks associated. NUS will not be responsible for any lost deposits or expenses (including but not limited to programme/tuition fees, air tickets, housing deposits, meal plans and/or non-academic student fees) associated with travel disruptions. Students are advised NOT to make any financial commitments particularly those which are non-refundable until they are certain that travel is possible. Students will be fully responsible for any travel expenses, quarantine accommodation costs, COVID-19 tests or other costs related to the measures imposed at that point of time, both in Korea and Singapore.

**ADDITIONAL INFORMATION**

| 9 | Visa Application | Students from countries or regions where Korea has signed a Visa waiver agreement may enter Korea without a visa for the summer programme. Singaporeans are not required to obtain a visa.

Students from other countries not listed in the visa exemption list must apply for a short-term study visa (D-2-8) on their own. The list of countries with visa exemption is available at the Korean Embassy website.

It is student’s responsibility to ensure that they obtain a valid visa before making any travel arrangement for their summer programme. Obtaining a visa may be time consuming. Students are encouraged to prepare and apply for a visa as early as possible. The host university will send the documents required for your visa application to the address that you have indicated on your application for the summer programme after you have completed the payment for the programme. Kindly ensure that you have indicated your address correctly to avoid any delays.

If you require GRO to issue a supporting letter for your visa application, you may download this form and follow the instructions listed within (after you have applied in EduRec and received confirmation of acceptance from the host university). Please visit GRO with the letter to have it stamped before going down to the Korean Embassy to apply for your visa.
