(Updated as of 26 January 2021; due to the evolving COVID-19 situation, please check the official host university website for the most updated information before applying for the programme)

Host University Website: http://www.lse.ac.uk/study-at-lse/Summer-Schools/Summer-School
Programme Location: London, UK (if in-person is possible)
Programme Dates: Session One: 21 Jun to 9 Jul 2021
                  Session Two: 12 Jul to 30 Jul 2021
Application Deadline: LSE work on a first-come, first-served basis, which means that they do not have fixed deadlines and you can apply for any course up until the point it is filled. LSE receive applications on a daily basis, therefore in order to avoid disappointment they suggest that students apply as early as possible.

COVID-19 related updates:

Students may be considering physical (on-site) summer programmes in 2021. Due to the fluid situation of the COVID-19 pandemic, there is still much uncertainty regarding international travel in the months ahead.

LSE will be offering a Blended Learning summer school in 2021. Seminar-style classes and 3 additional hours of lectures will typically run on campus each week, all in socially-distanced environments. This will be supported by a combination of live and pre-recorded lectures delivered online.

Students’ ability to travel to UK for Summer 2021 will be determined by the host country’s travel policies as well as the latest travel advice from Singapore authorities. In the event that Singapore authorities advise against non-essential travel to UK for Summer 2021, students will not be able to travel to UK for their summer programmes.

Students who proceed with the physical (on-site) option acknowledge the risks associated. NUS will not be responsible for any lost deposits or expenses (including but not limited to programme/tuition fees, air tickets, housing deposits, meal plans and/or non-academic student fees) associated with travel disruptions. You are advised NOT to make any financial commitments particularly those which are non-refundable until you are certain that travel is possible. You will be fully responsible for any travel expenses, quarantine accommodation costs, COVID-19 tests or other costs related to the measures imposed at that point of time, both in UK and Singapore.
