### D. Application

**i) Procedures**

Students can apply for SEP one year in advance through their home faculty in NUS between September and June. Please look out for your faculty’s announcement regarding the application period.

Once you have been selected by your home faculty for SEP, your faculty will contact you and provide information regarding application with your host university. Please prepare the necessary documents before the start of the application period at your host university.

**ii) Deadlines**

All NUS students must abide by the internal application deadline set by their home Faculty for exchange participation in the following academic year. After clearing the internal application and selection process, students have to take note of the application deadline set by the host university.

Failure to submit a formal application to the host university by the stipulated deadline, may result in your exchange being forfeited even if you have been selected by NUS for the exchange.
