¹ Candidates must fulfil the following Mathematics requirements in order to be considered for the respective Computing courses:

ii) Information Security: At least an A2 grade in GCE 'O' Level Mathematics or at least a B4 grade in GCE 'O' Level Additional Mathematics.

iii) Information Systems: At least an A2 grade in GCE 'O' Level Mathematics or at least a B4 grade in GCE 'O' Level Additional Mathematics.

iv) Business Analytics: At least an A2 grade in GCE 'O' Level Mathematics or at least a B3 grade in GCE 'O' Level Additional Mathematics.

Note that students who have fulfilled the Mathematics requirements listed in (i), (ii), (iii) or (iv) are required to sit for MA1301 Introductory Mathematics Proficiency Test upon Admission or read MA1301 Introductory Mathematics module in NUS for fulfilment of their degree requirements. Please visit [here](https://www.comp.nus.edu.sg/programmes/ug/cs/) for more information on exemption of MA1301 Introductory Mathematics Proficiency Test exemption.

v) Applicants who do not fulfil the requirements listed in (i), (ii), (iii) and (iv) may still submit an application to be considered for the courses. They will be assessed based on their diploma results and other additional results/ certificates presented under the Achievements section. The University may evaluate these applicants on a case-by-case basis. Shortlisted applicants may be required to attend an admissions interview under the discretion of the School of Computing.
