Singapore's warmth.

Yes, Singapore is warm. But it's not just the weather – our people are warm too. Still, with a new place, new people, and a new environment, a cheat sheet is always welcome. Here are some hacks to get you settled.

• Pre-Arrival Connection Programme (PACP)

Make friends and get tips even before you get on the plane.

• Singapore Touchdown Cultural Intelligence (CQ) Workshop

Official and unofficial languages.

Officially, Singapore has four languages – English, Malay, Mandarin and Tamil. Don't worry if you can't speak them all – **English is the official language of instruction at NUS**, and all you need to get by. Bonus: it helps you pick up Singlish – Singapore's unique colloquial English.

The national pastime – food.

Wholesome, hearty, or comforting – from local fare to international favourites like Thai and Korean cuisine, you'll find plenty to whet your appetite among the **50+ food outlets and canteens** on campus (yes, we counted). Not to mention coffee and bubble tea for the in-between-class pick-me-ups, and popular off-campus haunts for late-night suppers too (ask around).

Places – tourist spots or hidden gems.

On campus, there's the shuttle bus (it's free) to take you wherever you need to be. Walking is an option too – stairways and secret shortcuts are a thing. Off campus, the public transport network (bus and rail) is ranked **12th in the world**. Taxis and private hire cars available for a little extra.

There's no safer place in the world – Singapore is ranked **1st globally**.

Weather Forecast

Typically hot and sunny with occasional rainy interludes, you'll do well to pack light – think sleeveless tops, shorts, shades, caps, sunblock... and don't forget an umbrella.

We recommend:

nus.edu.sg/oam/undergraduate-programmes

Step

2 : Check your eligibility

Make your every chance count by ensuring you fulfil all requirements. Spoiler alert – if you shortlisted more than eight choices, weed down your list. That's because you can only indicate up to eight choices on your application form.

We recommend:

Refer to admission requirements and programme prerequisites spelt out on pages 6 to 15 for guidance.

Step

3 : Prepare for your application

With so many moving parts, you'll want to have the assurance that you've got everything (and missed nothing).

We recommend:

- ✓ Copy of your Passport or Birth Certificate or Identification Card (clearly reflecting your full name and date of birth)
- ✓ Copy of Medical Report(s) if you have or had any illnesses or disabilities
- ✓ Offence Record(s) (if applicable)

Step

4 : Submit your application

Set aside 20 to 30 minutes to complete the online application form.

We recommend:

Remember your social account details – so that you can make changes in the Applicant Portal by the application closing date if you have second thoughts about your programme choices.

nus.edu.sg/apply

Step

5 : Check your application outcome

The Applicant Portal provides updates on your application – be it notifications for extra tests and interviews (if applicable), or requests for additional documents.
