Section 5.4 – Other Information (Financial Aid and Household Income Information)

FINANCIAL AID

Do you intend to apply for Financial Aid?*

- No
- Yes

Household Income Information

This University is collecting the household income information of all applicants in order to assess the levels of financial aid necessary for needy applicants, and increases needy applicants' awareness of financial aid. It has no impact or implication for your application outcome at all.

All information submitted herein will be treated confidentially but may be used for the benefit of National University of Singapore (NUS). Its constituent parts and agencies contracted by NUS for the purposes directly to the interests of NUS.

Section 5.5 – Other Information (NUS College Quick Takes and Admission Essay)

Applicants who have indicated they wish to be considered for NUS College in Section 2.1 (Choice of Courses) are required to complete all fields in this section.

Instructions for Essay: Write an original essay of no more than 3000 characters on one of the following topics. (For reference, 3000 characters approximates to 450-500 words.) Not only should your essay be original, but we urge you not to reuse essays that you have written for other occasions and purposes. You can assume an intelligent but non-specialist audience; thus, you may want to avoid overly technical topics, or at least write about them using more generalist language. Your essay should give us some insight into you and your thought processes, and help us consider if the NUS College is right for you. Our students tend to be curious, critical, and engaged. Thus, they are open to learning new things and making connections; they are also analytical and reflective, and strive to connect thinking and doing.

1. Nowadays, on internet forums and social media, some people like to post “hot takes”: succinct and often controversial opinions that they think go against the grain of conventional wisdom. However, the term “hot take” started as a derogatory label, to refer to journalistic opinion pieces written without much research, that court controversy and thus seek to attract readers or clicks. As a result of this complicated history, “hot takes” can be meant sincerely or sarcastically. Do you have a “hot take”? And do you have a take, hot or otherwise, on hot takes?

2. What new “fact” or bit of “knowledge” did you recently learn on your own, outside of your classroom instruction? The fact that you identify does not need to be “new” in itself (what matters is that it was new to you), and you can have learned or discovered this fact from anywhere at all (it does not have to be from a “learned” or “academic” source). Tell us: how you came upon this fact; why is it interesting to you (and/or why you think it should be interesting to the larger community); how (if in any way) you feel your life (or the world) is changed by the knowledge of this fact; and anything else you feel like telling us about this fantastic, interesting, possibly important, new-to-you knowledge or fact.

3. Do you have a motto you like by? Do you have a personal brand? Tell us what it is, and what led you to develop this motto or personal brand. In addition, we would like to know: Do you see these terms—motto and personal brand—as equivalent? And what do you think, more generally, about the phenomenon of having a motto or, as is more common nowadays, people thinking of themselves as having brands?

(Max 3000 Characters)
Section 6 – Documents (Document Upload)

The list of required supporting documents for each applicant will vary based on information provided in the earlier sections.

Applicants who wish to submit additional document(s) not listed in this section may upload them as “Other Document” via the Applicant Portal by 19 March 2022.
Section 7.1 – Declaration (Terms and Conditions)

I hereby declare that all information provided by me in connection with this application is true, accurate and complete. I understand that any inaccurate, incomplete or false information given or any omission of information required shall render this application invalid and NUS may at its discretion withdraw any offer of acceptance made to me on the basis of such information or, if already admitted, I may be liable to disciplinary action, which may result in my expulsion from NUS. And I hereby authorize NUS to obtain and verify any part of the information given by me from or with any source (such as Ministry of Education), as it deems appropriate.

I declare and warrant that for any personal data of other individuals disclosed by me in connection with this application, I have, prior to disclosing such personal data to NUS, obtained the appropriate consent from the individuals whose personal data are being disclosed, to permit NUS to collect, use and disclose such personal data for purposes related to this application, as set out fully in the Personal Data Notice. I agree that all such information provided by me in connection with this application may be disclosed to authorized NUS personnel or third parties on a need-to-know basis for purposes related to this application, as set out fully in the Personal Data Notice. Third parties include (i) the Ministry of Education, other government agencies or statutory bodies or non-government agencies authorized to carry out specific Government services or duties and (ii) persons or organizations providing students with financial aid.
