Crest designed by: U Jin & Samuel

WE ARE BACK!

Hello! Ni Hao! Selamat! Namaste! And Hola!

We are back with our very own monthly newsletters. We are also glad to introduce the new crest for Prince George's Park House (PH)! Kudos to the PH Student Council for spearheading this effort to come up with the new crest, and special mention goes out to PH Year 1 residents - Seah U Jin and Samuel Tan for coming up with this beautiful design! In this edition we cover past and upcoming PH events, amazing (and cheap!) food places around, introduction to the Student Council and things to look out for! Read on...

THE MID-SEM EVENT!

BY KASHISH RUSTAGI

When the semester starts getting to you, PH is always there to help you take a break, relax, spend some quality time with your friends and gorge on a lot of delicious food. The Mid-semester event this semester was held on 19th September, 2019 with the "Jamboree!" theme. Jamboree's are traditionally a large celebration or party and this event absolutely lived up to its theme. From arcade games like air hockey, basketball hoops, mini golf for the classics to video-games like Kinect, Nintendo Switch and the VR Beatsaber for the tech savvy and the inflatable Street Fighter for the kids at heart, this event had something for everyone.

The setting reminded one of a carnival, especially the food options like finger sandwiches, hot dogs, cotton candy, French fries and of course the highlight, fried ice cream! The event was taken to the next level by wonderful performances by PH's very own dance IG and some very delightful performances put up by the extremely talented residents of PH.

All in all, this event was a great stress buster. Don't fret if you missed this one, keep a look out for the de-stress event coming up very soon!

PH DIWALI NIGHT

BY DEVIKA RASTOGI

The Deepawali event organized by PH was a huge success! It was filled with food, laughter, music and dance. Deepawali is a festival of lights and symbolises the message of victory of good over evil, light over dark and knowledge over ignorance.

The event started off with peppy Bollywood songs and delectable dishes such as samosas, Indian biscuits and "Chai". This event highlighted the inclusivity promoted by PH as people from different cultures learnt about this festival and indulged in traditional practices of putting henna, painting diyas and lighting sparkles. Everyone then enjoyed an elaborate dinner of delicious dishes such as "Chola batura" and "paneer kulcha" which are traditional Indian dishes. To top it off, there were sumptuous Indian sweets as well. It was a great event, where one saw people dressed in traditional Indian outfits dancing to Bollywood music, clicking pictures and having a good time!

WE WOULD LIKE TO EXTEND OUR GRATITUDE TO THE ORGANISING COMMITTEE WHO WORKED VERY HARD TO MAKE THIS EVENT THE SUCCESS THAT IT WAS!

DINING WITH MASTER!

BY DEVIKA & KASHISH

There have been dining with master sessions ongoing since the past two months. We were fortunate enough to cover the session with Block 23/24! The event kicked off with a delicious spread and gave a chance for people from different blocks to interact with the each other. After that, it was an intimate session with the master, RFs and RAs to communicate any concerns, gain knowledge of new activities and clarify all queries.

It is a great initiative for people to feel a sense of belonging! Just to go over the contents briefly, the community garden recently enjoyed the fruit of their harvest, there have been new security enhancements in place and there was also a discussion about future renovations and upgrades. The session ended with residents addressing their concerns as well as appreciating all the work that has been done so far! Everyone received a beautiful memento by PH. It was a great session with active participation.

WE ARE GRATEFUL TO THE ORGANISING COMMITTEE AND LOOK FORWARD TO MORE SUCH FUTURE SESSIONS!

PH STUDENT COUNCIL

BY MANAN MITTAL

We interviewed the PH Student Council's current president-Jiang Guan. He is a Penultimate Business student. Don't be surprised if you see him on a banking floor or even as a professional fighter! Read below to know more about the council and its work!

Manan: What would you say is the student council?

Jiang: The Student Council is the core of the Student Body. Earlier, there was no centralised body to represent the interests of the students apart from the management. The Student Council fills this gap. It is a body for the students, by the students.

Manan: What is the work that the student council does?

Jiang: We try to solve every problem from the perspective of the student. We also try to build a familial community where everyone knows each other. If you stayed at PH for the last year as well, you would have noticed the difference! We are having many events where residents can interact with each other!

Manan: What is the way-forward for the PH Student Council?

Jiang: We are trying to achieve the best of everything- a state where everything flows very easily. We wish to provide everyone the means to their goals and bring their ideas to life. We work on choosing the best and the most efficient idea and provide the residents the means of doing so. We look forward for their continued good work!
