UNDERGRADUATE STUDENTS**Tuition Fees Per Annum (applicable for Academic Year 2022/2023)**

Notes for Students:

1. The cohort-based fee system was introduced for the new undergraduate intake of all College/Faculties/Schools from AY2008/09. Under this fee system, tuition fees for an intake cohort of students will be based on the fees for that cohort throughout the student's entire candidature. While fees continue to be reviewed annually and adjustments made as and when necessary with each new cohort of students, each new cohort will know the exact amount of tuition fees they have to pay per year throughout their entire candidature. This enables students to plan better for the financing of their undergraduate studies.
2. The per annum fee amount, covering Semesters 1 and 2 of an Academic Year (AY), is payable in two equal instalments at the start of each semester. Semestral fees are payable as long as a student's candidature remains active.

Students who read modules in the Special Term will pay a per-module fee amount. Students who register for module(s) in the Special Term immediately following the expiry of their [normal candidature period](#) will continue to pay subsidised fees on a per module basis. However, for the Special Terms beyond the normal candidature period, the Special Term fees payable will be the full non-subsidised semestral fees pro-rated based on the number of MCs read. The related policy on Tuition Fee beyond Normal Candidature can be found [here](#).

3. Students who are not in receipt of the Tuition Grant will have to pay the non-subsidised fee amounts as quoted here (which are inclusive of the prevailing GST). The prevailing GST rate is 7% and from 1st January 2023, the GST rate will increase to 8%.
4. For the time being, College/Faculties/Schools that are not on a modular curriculum structure (esp. Medicine and Dentistry) do not offer Special Term modules.
5. SkillsFuture Mid-Career Enhanced Subsidy:
Students who are Singapore Citizens, aged 40 and above (based on the year which the student turns 40 years old) and enrolled in MOE-subsidised full-time undergraduate programmes may be eligible for higher subsidy under the [SkillsFuture Mid-Career Enhanced Subsidy](#). The fees payable will be 60% lower than the standard subsidized fees payable by other Singaporean students. The amount of fees payable will be reflected in their [individual student bill](#).
