

## **NUS Fellows Programme (Southeast Asia) Frequently Asked Questions for Applicants**

### **1. If I am selected, can I take my family with me?**

NUS Fellows ([Training Employment Pass](#)) holders are not eligible to apply dependent pass for their family members. Instead, their family members are only eligible for social visit pass which is valid for 1 month. No additional financial benefits for dependents are awarded for the NUS Fellows. Should NUS Fellows choose to find their own accommodation in Singapore, no housing rental allowance will be provided.

### **2. Does the Fellowship Scheme cover travel costs?**

No, the Fellowship scheme does not cover travel costs to and from Singapore at the beginning and at the end of the Fellowship. However, fieldwork related travel costs may be covered at the discretion of the host professor and PI.

### **3. Will I be liable for paying income tax in Singapore?**

Yes, you will be liable to pay income tax in Singapore on your Fellowship benefits depending on the duration of your stay here. Your tax residency and the amount of income tax to be paid will be determined by the Inland Revenue Authority of Singapore (IRAS).

NUS may deduct a withholding tax at the prevailing withholding tax rates (currently at 15%) as non-residents until your tax residency has been reassessed by IRAS. For example, the monthly gross income payable to you is S\$ 3476.6 (S\$ 2000 stipend + S\$ 1476.6 housing in-kind benefit). The net amount after tax paid to you will be S\$ 1478.51. These figures are for illustrative purposes only. Actual figures may vary. Any excess tax (if any) will be refunded back to you once IRAS has reassessed your tax residency from non-resident to resident. This is done on a case by case basis.

Once your tax residency has been determined by IRAS as tax resident, you will be charged at resident tax rates. For example, if you are awarded a stipend of S\$ 2,000<sup>1</sup>, your total monthly Fellowship benefit will be S\$ 1,476.6 (housing in-kind benefit) + S\$ 2,000 (stipend) = S\$ 3,476.6. Assuming your Fellowship duration lasts for 9 months, your total Fellowship benefits will amount to S\$ 31,289.4 and your estimated income tax would be S\$ 245.<sup>2</sup> Any excess tax (if any) will be refunded back to you once IRAS has reassessed your tax residency from non-resident to resident. This is done on a case by case basis.
