## **Health@NUS2026**

Health@NUS2026 is a cohort research study at the National University of Singapore (NUS), which aims to assess health indicators (e.g. health behaviours, perceptions) of students matriculating in AY26/27 as they proceed from matriculation to graduation in their undergraduate years in NUS.

To understand the changes in health and lifestyle behaviours as students navigate their undergraduate years, we aim to follow undergraduate students throughout their 4 years at NUS.

We invite you to take part in this survey to help shape initiatives that support your health and wellbeing at NUS. Simply visit this link or scan the QR code below to get started.

- Participants will receive a token of appreciation\* for completing the survey.
- Please present your completion email at the point of redemption.  
The email address must match our records for verification.
- Participants will be contacted by your given email address and subsequently through your NUS-assigned email address for subsequent annual follow-ups.

If you have any questions, please contact Miss Chua Xin Hui at [xinhui.chua@nus.edu.sg](mailto:xinhui.chua@nus.edu.sg).

Thank you for contributing to a healthier NUS community!

*Redemption is valid from 4 May to 14 August 2026 at the University Health Centre Cohort Study Booth (located within the clinic), while stocks last. If the booth is unavailable, collection will be at the Wellness Outreach Office^.*
